- (d) cash held for up to 3 months in an account with an Australian ADI styled as a trust account that is audited at least once every 6 months by a registered company auditor where the auditor's report states that in the auditor's opinion the account has been operated in accordance with the trust:
  - (i) pending payment to members; or
  - (ii) to meet expected expenses (not including investments) over a 3 month period; or
  - (iii) pending application in acquiring a mortgage and paying any fees and costs incidental to the acquisition; and

- (f) assets of trivial value; and
- (g) levies of a time sharing scheme which are held in an account with an Australian ADI styled as a trust account that is audited at least twice annually by a registered company auditor where the report from the auditor is provided to the responsible entity's board or compliance committee and states that in the auditor's opinion the account has been operated in accordance with the trust; and

## Schedule of Conditions

- (ii) the mortgage was acquired after disclosure in writing to the relevant members (at the time of the acquisition) of all information that would have been required to be in a Product Disclosure Statement (or in relation to mortgages acquired before Division 2 of Part 7.9 applies to interests in the registered scheme a disclosure document under Chapter 6D of the Act) if an offer of interests in the registered scheme conferring rights in connection with that mortgage had been made immediately prior to the mortgage; and
- (iii) either of the following applies:
  - (A) the mortgage was acquired on the specific direction of the relevant members (at the time of acquisition of the interest); or
  - (B) members are able to withdraw from that mortgage for a period of 14 days commencing on the date of disclosure under sub-paragraph (h)(ii) of this definition; and
- (iv) the scheme does not involve the mortgage being sold prior to its discharge.

### **standard adjustments** means:

- (a) discounts as follows:
  - (i) 8% for the values that reflect obligations to pay the licensee a certain sum maturing beyond 12 months unless the interest rate applicable is reset to reflect market interest rates at least annually; and
  - (ii) 16% for the values that reflect any assets other than:
    - (A) an obligation to pay the licensee a certain sum; or
    - (B) a derivative; or
    - (C) an interest in property held in trust by another licensee under Division 3 of Part 7.8 of the Act or the rights to money held by another licensee in an account under section 981B of the Act; and
- (b) 8% of the values that reflect others' obligations to pay the licensee a certain sum except to the extent that the asset is adequately secured or is a right against another licensee in respect of money or property held by that other licensee in an account under section 981B or held in trust under Division 3 of Part 7.8 of the Act; and
- (c) the following amounts for contingent liabilities and contingent liabilities of any trust (other than a registered scheme) of which the licensee is trustee:
  - (i) 5% of any contingent liabilities that can be quantified under an underwriting or sub-underwriting of financial products except:
    - (A) during the 5 business days after the commitment is assumed; and
    - (B) during any period it is unlawful to accept applications for the financial products to which the underwriting relates (such as under subsection 727(3) or section 1016B) and the period ending 5 business days after the first day on which it becomes lawful to accept applications; and
    - (C) to the extent that the underwriter holds funds from persons seeking to acquire the financial products subject to the underwriting; and
  - (ii) 5% of the potential liability of any contingent liabilities that can be quantified under a derivative other than to the extent there is an offsetting position in any of the following or a combination of the following:
    - (A) the "something else" for the purposes of paragraph 761D(1)(c) of the Act; and

## Schedule of Conditions

- (B) another derivative relating to that something else; and
- (C) a thing that is so similar to the something else as to make the probability of net loss from the liability under the derivative exceeding any increase in the value of the thing less than 5% in the reasonable and documented opinion of the licensee,

except to the extent that the licensee is of the reasonable opinion that the risk that they will become liabilities (or become liabilities to a greater extent than taken into account for the purposes of applying the adjustment) because of a change in the price or value of the something else is trivial; and

- (iii) 20% of the potential liability of any contingent liabilities that can be quantified under a guarantee or indemnity;
- (d) the relevant percentage as set out in subparagraphs (c)(ii) and (c)(iii) of the amounts that in the licensee's reasonable opinion is the maximum amount that the licensee may be liable for in relation to a contingent liability referred to in paragraph (c) where the maximum liability cannot be quantified; and
- (e) where the licensee has agreed to sell an asset that it does not hold, the amount of the adjustment that would apply if it held that asset is to be applied against adjusted assets.

For the purposes of this definition, the risk that a contingent liability will become a liability may be treated as trivial if the probability that this will occur is reasonably estimated by the licensee as less than 5%.

For the purposes of paragraphs (a) and (b) of this definition, discounts apply against the value of current assets:

- (f) used in calculating "adjusted assets" in this licence; and
- (g) of any trust (other than a registered scheme) of which the licensee is a trustee (see subparagraph (f)(ii) of the definition of "adjusted assets" in this licence); and
- (h) that are deducted under paragraph (c) of the definition of "adjusted assets" in this licence as assets to which recourse may be had for a liability of the licensee where the licensee's liability is limited to those assets but the total discounts applied to those assets shall not exceed any excess of the value of the licensee's assets to which recourse may be taken over the amount of the liability; and
- (i) that is the applicable percentage of the current assets that would be acquired in return for paying a contingent liability referred to in subparagraph (c)(i) or (iii) of this definition including rights against a sub-underwriter (see paragraph (g) of the definition of "adjusted assets" in this licence).

The licensee does not have to apply the discounts to the value of amounts payable from a client in the ordinary course of its financial services business for financial products that the client has agreed to buy, if the money is required to be—and in the reasonable estimation of the licensee probably will be—paid no more than 5 business days after the client became liable.

**surplus liquid funds or SLF** means adjusted assets minus adjusted liabilities:

- (a) plus any non-current liabilities that were used in calculating adjusted liabilities and the value of any assets that are encumbered (where the licensee is not liable and the assets do not secure another person's current liability) that were deducted when calculating the licensee's adjusted liabilities; and

## Schedule of Conditions

- (b) minus any non-current assets that were used in calculating adjusted assets; and
- (c) if the licensee is an eligible provider under paragraph (b) of the definition of “eligible provider” under this licence—plus one quarter of the value of the licensee’s non-current assets minus any intangible assets and the amount of its non-current liabilities.

### **Tier \$500,000 class assets** means:

- (a) real property (including mortgages or leases over or licences in relation to real property) that is intended to be kept for the whole duration of the scheme or, the relevant mortgage; and
- (b) physical assets including currency which as a matter of reasonable practice can be held by a custodian (such as valuables or precious metals); and
- (c) funds received from members within the previous:
  - (i) 6 months if held for the purposes of the initial investment by the responsible entity as part of the scheme; or
  - (ii) 13 months if held pending payment of expenses of the scheme; held in a regulated trust account; and
- (d) special custody assets.

**trigger point** means either of the trigger points described in condition 15 of this licence.

**value of assets** means, for the purpose of condition 11 of this licence, the value of assets and other scheme property and/or IDPS property determined as follows:

- (a) in the case of assets that would be recognised in preparing a balance sheet for members under Chapter 2M of the Act - their value as if at that time such a balance sheet was being prepared; and
- (b) in the case of any other scheme property and/or IDPS property - its market value. For the purpose of this calculation mortgages held by members of a registered scheme and managed as part of the scheme must be treated as assets of the scheme.
