Note 1 Summary of Significant Accounting Policies (Continued)

(e) Biological assets

As the trees are the assets of the growers they are not recorded in the Scheme accounts.

(f) Trade and other receivables

Receivables are recognised and carried at original amount, less a provision for any uncollectible debts. An estimate for doubtful debts is made when collection of an amount is no longer probable. Bad debts are written off when identified.

Amounts are generally received within 30 days of being recorded as receivables.

(g) Trade and other payables

Liabilities for creditors are carried at cost, which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Scheme.

Payables include distributions payable. The carrying period is dictated by market conditions and is generally less than 30 days.

(h) Distributions

Distributions payable to growers at 30 June 2009 were [to be determined] (2008: \$Nil). Distributions are payable from the Scheme following the harvest and sale of the timber.

(i) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables are stated with the amount of GST included.

Cash flows are included in the Cash Flow Statement on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority is classified as part of operating cash flows.

(j) Application of Accounting Standards

[Intentionally left blank]

Note 2 Income Tax

All Scheme assets and any income of the Scheme is held on behalf of either the growers or the Responsible Entity. The Scheme does not derive any income on its own account and accordingly is not subject to income tax.
